

# Intermedia AnyMeeting® Video Conferencing

Smarter, faster, engaging and actionable meeting experiences.

#### Plug and Play

Easy to use and easy to install mobile and desktop applications. No heavy IT infrastructure or training required.

#### Streamline Workflows

Embed your online meetings experience into everyday applications like Google®, Microsoft® and more.

#### Meet Anywhere

Host and join meetings wherever you go with the AnyMeeting desktop and mobile apps.

#### Meet Securely

AnyMeeting encryption enables HIPAA-compliance using WebRTC standards with SSL and DTLS for signaling, and SRTP protocols for all data and media.

**Built in collaboration tools and screen sharing make it easy for participants to share content in real-time for more productive meetings.**

#### All AnyMeeting plans include:

**Full HD video:** 720p HD video conferencing with up to 12 webcams supported (Pro only).

**Audio:** Conference call numbers and PINs are provided, so participants can join by phone or computer.

**Screen sharing:** Share your screen for more interactive meetings.

**Screen annotation:** Meeting participants can call out important points on a shared screen in real-time during a meeting.

#### AnyMeeting Pro plans also include:

**Meeting transcripts and insights:** Meeting hosts can transcribe recorded meetings and automatically identifies actionable items.

**Notes:** Capture meeting notes in real-time—notes are automatically sent to all meeting participants.

**Remote control:** Give participants direct control of your keyboard and mouse so you can collaborate better together.
